- Smart Grid Communications
- CTs & PTs
- Meter Communications (AMR) (AMI)
- Meter Installation
- Meter Safety
- And Much More

About the school

The *Nebraska Meter Conference* is sponsored annually by the *League of Nebraska Municipalities Utilities Section* in cooperation with the *Nebraska Rural Electric Association*. Each year a major metering manufacturer is featured the first day to instruct on electric metering, troubleshooting and the industry's latest technologies. This year's featured manufacturer and local rep will be Elster and WESCO.

The instructional format has changed this year and will consist of breakout sessions with all four major manufacturers having sessions split on both days. Also the third session will feature a basic session on Wednesday morning put on by this year's lead manufacturer and local representative which is Elster/WESCO. This will be the first time since 1983 that we will have all the major (electric) manufacturer representatives at the meter conference. They will highlight their software technologies along with other presentations by related meter companies. Both days will feature these companies and others to provide a well rounded educational conference no matter what electric meter your municipality or rural public power district uses.

Note: In 2013 we will be adding more sessions to include more sessions on water and gas related topics.

Who should attend

The *Nebraska Meter Conference* is for **all** electric, water and gas meter technicians or lineworker/technicians who are dedicated to the metering industry and would like to further their knowledge in order to keep in stride with the rapidly changing technology that is challenging both apprentice and expert technicians.

Registration and Fees

Participants are encouraged to **preregister** by no later than **Feb. 24, 2012**. Registration also will be available at the door on Feb. 29 between 8 and 9 am. The classes will be held from 9-4 on Wednesday and Thursday. Cost for Utilities Section members to attend this 2-day course is \$200 and \$275 for non-members. This includes one breakfast buffet, two lunches, and all learning materials.

Accommodations

For hotel reservations, contact the Kearney Holiday Inn 1-308-237-5971 and tell them you are attending the *Nebraska Meter Conference*. The rates are: 1-4 people \$82.95.
